Medyvend – Award, Recognition & Exhibition Portfolio

Medyseva Technologies Pvt Ltd

This portfolio presents key **awards, recognitions, public exhibitions and stakeholder engagements** that reflect Medyvend's journey from innovation and prototype development toward real-world demonstration and adoption in the healthcare ecosystem.

1. MP Startup Summit & Ecosystem Awards 2026, Bhopal

Medyseva Technologies participated in the **MP Startup Summit & Ecosystem Awards 2026** in Bhopal, where the team showcased **MedyVend through a live demonstration at its exhibition booth**. The demonstration highlighted Medyvend's approach to connecting technology-enabled healthcare access with doctor-authorised medicine dispensing.

The MedyVend stall was visited by **Hon'ble Chief Minister of Madhya Pradesh, Dr. Mohan Yadav**, and **Shri Chetanya Kasyap, State Cabinet Minister, Madhya Pradesh**. They interacted with the team, observed the MedyVend demonstration and appreciated the innovation and its potential to improve last-mile healthcare access.

During the same event, Medyseva was recognised as **Best Startup in the Primary Sector (Rural/Agritech)** under the **Madhya Pradesh Startup Summit & Ecosystem Awards 2026**, presented by the Hon'ble Chief Minister of Madhya Pradesh

MedyVend showcased through a live demonstration at the MP Startup Summit 2026

Hon'ble Chief Minister of Madhya Pradesh, Dr. Mohan Yadav, and Shri Chetanya Kasyap, State Cabinet Minister, Madhya Pradesh, visited the MedyVend exhibition booth at the MP Startup Summit 2026. The leaders interacted with the Medyseva team, explored the MedyVend prototype and witnessed a live demonstration of its AI-enabled and medicine dispensing workflow.

2. Madhya Pradesh Regional AI Impact Conference, 2026 | Bhopal

Medyseva Technologies showcased **MedyVend at the Madhya Pradesh Regional AI Impact Conference 2026**, held at the Taj Lakefront, Bhopal. The event brought together government stakeholders, technology innovators, startups and ecosystem partners to explore the application of Artificial Intelligence for governance, digital services and regional development.

At the conference, Medyseva demonstrated MedyVend as an **AI-enabled, doctor-authorised medicine dispensing system designed to strengthen last-mile healthcare delivery**.

Medyseva was also recognised as the **2nd Runner-Up in the Ujjain Mahakumbh Hackathon (Simhastha Tech Hackathon)**, a technology challenge focused on developing technology-driven solutions for **crowd management, safety and healthcare** for Simhastha 2028.

The recognition provided an opportunity to demonstrate the relevance of Medyseva's technology-led approach to healthcare and its potential application in large-scale public environments.

MedyVend showcased at the Madhya Pradesh Regional AI Impact Conference 2026, held at the Taj Lakefront, Bhopal. Medyseva team engaged with visitors and stakeholders during the MedyVend demonstration.

Dr. Vishesh Kasliwal, Founder & CEO of Medyseva Technologies, presenting the journey of MedyVend—from its inception to building an AI-enabled healthcare solution for New Bharat. The Hon'ble Chief Minister of Madhya Pradesh, Dr. Mohan Yadav, also visited the stall, witnessed the demonstration and appreciated the team's efforts toward strengthening last-mile healthcare.

Medyseva recognised as 2nd Runner-Up in the Ujjain Mahakumbh Hackathon (Simhastha Tech Hackathon), recognising its technology-led approach to solving real-world healthcare challenges. The recognition further validated Medyseva's potential to contribute innovative, scalable solutions for large-scale public healthcare and safety needs.

3. BRICS Exhibition | Indore

Medyseva Technologies showcased **MedyVend at the BRICS-related events hosted in Indore**, providing an opportunity to demonstrate its healthcare technology to senior government, startup ecosystem and institutional stakeholders.

During the exhibition, **Dr. Abha Rishi, CEO, Madhya Pradesh Startup Centre**, visited the MedyVend booth and interacted with the team, appreciating the work being undertaken to develop technology-enabled solutions for last-mile healthcare.

Hon'ble Shri Vishwas Kailash Sarang also visited the MedyVend exhibition booth, reviewed the demonstration and engaged with the team on the product's technology and intended healthcare applications. He provided guidance on the way forward and encouraged the team in its efforts to develop and scale the solution.

The participation provided MedyVend with an opportunity to demonstrate its technology in a high-level international and policy-oriented ecosystem and engage with stakeholders around healthcare innovation, entrepreneurship and technology deployment.

Medyseva Team showcased MedyVend at the BRICS-related exhibition in Indore, demonstrating its AI-enabled healthcare dispensing technology and its vision for strengthening last-mile healthcare delivery

A meaningful interaction with Hon'ble Shri Vishwas Kailash Sarang, Minister of Cooperation of Sports and Youth Welfare, discussing Medyvend's technology, its potential applications in healthcare and the roadmap for future scale-up. He appreciated our work and provided valuable taking MedyVend forward.

Dr. Abha Rishi, CEO of Madhya Pradesh Startup Centre, visited the MedyVend exhibition booth and encouraged the entire Medyseva Team.
